Information Session for Emory Parents and Family (in Korean)

We know parents and families may have many questions and concerns before sending their students to the US and Emory! ISSS, in collaboration with campus partners, are pleased to offer an information session for parents and families in English, Korean and Chinese. We will share important information regarding the 2024-2025 academic year. Topics will include an overview of Emory University's Atlanta and Oxford campuses, important resources for international students, fall arrival and orientation details, and contact/social media information for key offices.

In Korean

July 24, 2025

9:00-10:30 am Eastern Time Zone
